Phone Sale Tips

What is EXPRESS APP?

EXPRESS APP is a 100% online application process developed by Cigna to make submitting new business fast and easy.

Where can I access EXPRESS APP?

On our agent website, [AgentView](#), under EXPRESS APP. Simply click on EXPRESS APP to start quoting.

What is a Phone Verification (PV)?

A Phone Verification is a phone interview with the client to obtain an electronic signature and verify information on the application. For Med Supp cases, medical questions are asked as well as medication usage and the condition. The Phone Verification is required for all phone, face-to-face, and EXPRESS APP sales for Med Supp and Loyal Protection Plus applications. The PV is also required for Cancer Insurance, Loyal American Affordable Health Benefits® and Heart Attack & Stroke Insurance when sold over the phone and via EXPRESS APP (no wet signature).

How long is the Phone Verification?

The approximate length of the interview is four minutes. For Med Supp and Protection Plus, the interview is about 15 minutes depending on the scope of the client's health history, coverages applied for and number of medications.

How do I use the Phone Verification Hotline?

With the applicant on the line, conference in the Phone Verification Associate by calling the toll free number (866) 825-4822. This service is available Monday – Friday, 8 a.m. to 6 p.m. CT.

A New Business Phone Verification Associate will verify the following information:

- Client's name & SSN
- Plan applying for and premium

(For Medicare Supplement only)

- Client's Medicare number from their Medicare card
- Health questions from the application
- List of medications and what conditions they are taking them for

A friendly Phone Verification Associate will verify that the client has received the following:

- Copy of the application
- Copy of the Outline of Coverage
- *2013 A Guide to Health Insurance for People with Medicare* (if Medicare eligible)

The client must personally answer all of the Phone Verification Associate's questions. After the Phone Verification has ended, be sure to enter the PV case # on the application. If you used our 24/7 automated process through EXPRESS APP, we will automatically match up the PV with the application.
